

Be the classic inspiration for cool and comfortable this summer in the Heidi Dress. Perfect for beginners or the expert seamstress as a fast sew, this dress pulls over the head so no need to worry about zippers! The neckline and armholes are finished with a simple bias binding.

Design features include a bodice with Dolman sleeves with optional contrasting center front and back, drawstring waist, and fold lines to make a slim or full skirt with or without contrast piecing in five different lengths. The hem can be finished with a plain or ruffled hemband.

This design is perfect for border prints as well as a collection of your favorite fabrics.

See inside cover for more variations
