

The Kira Kimono Dress is our latest design featuring our popular drawstring waist. No pesky zippers or buttons are necessary! This design features an easy fitting Dolman sleeve, modest V-neck, and four different skirt lengths so that tunics to maxi dresses can be made from this pattern.

Design features include an optional contrasting neckline, waistband, bias sleeve trim, and hemband, as well as a full or plain skirt. Instructions are also included for a simple turned under hem.

This dress looks wonderful in rayon and cotton lawn as well as quilting cotton. Each fabric will take on an entirely different look with its own unique drape.
